

SPRING HILL REGIONAL PLANNING COMMISSION

CALL MEETING

March 24, 1987

5:55 PM

Chairman Mark Ide called the meeting to order. Members present were Freeman Cowherd and George Jones.

Chairman Ide: We have one item of business; the subdivision of Hollis Williams property. We have a couple of problems with the plat.

George Jones: This is the preliminary plan only. There are three lots that doesn't meet the required size and the people are aware of the shortage on that. They will have to move the property line to ajust this. They are actually about 100 square feet short. They will have to come in with a topole of ground, flood fringe and elevation of road. This will be subject to all of these items on preliminary plus their percolation from the Health Dept. and also the clearance on their water with the county.

I make a motion we accept this plat on those areas that do meet the requirements. Motion seconded by Freeman Cowherd. All ayes. Motion carried.

George Jones made the motion to adjourn. Motion seconded by Freeman Cowherd. All ayes. Motion carried.

Mark Ide, Chairman

R. B. Toone, Secretary
