Dear Missy Stahl:

This letter shall serve as a formal notification that Hensel Phelps is requesting a variance in construction work hours for three (3) days in October 2023 (exact dates to be determined) to pour and place the concrete foundations and concrete slab on grade for the Spring Hill Police Headquarters project.

In an effort to assist this process, review and approval, Hensel Phelps has measured the closest residential property to the project and determined that the most northern property line to the nearest home is approximately 1,140 feet.

Should there be any questions regarding the above, please contact the undersigned.
