Dear Valued Building and Development Partners,

The City of Spring Hill is providing the following notice in accordance with Resolution 22-262. This resolution provides for an automatic annual adjustment for Building Permit Fees based on the Consumer Price Index (CPI). The fees will be increased by the CPI or 2% whichever is greatest. Effective January 1, 2024. The new fee for residential building permits will now be \$.46 per square foot under roof, including storage areas accessible by permanent stairways/doorways.
