RE: To approve purchase of International Truck for the wastewater
 treatment facility

ATTACHMENTS: Sourcewell Quote

PURPOSE:

To approve Resolution 24-XX to purchase an International HX520/X15 Truck for the wastewater treatment facility.

BACKGROUND:

The City of Spring Hill wastewater treatment facility daily operations requires sludge disposal and movement of trailers to load sludge. Current equipment is not road worthy for staff to haul independently. Current Wastewater Staff have the proper licensure to haul sludge directly to the landfill which will eliminate the haul charges. This is approximately \$90,000.00 in yearly savings. The equipment is priced through our Sourcewell selection.

FINANCIAL IMPACT:

This will be funded from the wastewater budgeted funds 410-52210-59411 at a total cost of \$146,151.81 .

STAFF RECOMMENDATION:

Staff recommends approval of Resolution 24-160 to authorize the purchase of an International Truck from Sourcewell.

International Trucks is pleased to provide you with this proposal compliant with all terms of the Sourcewell Vehicles and Chassis Contract #060920-NVS awarded to Navistar, Inc for new International Trucks. If you have any questions regarding enrollment in Sourcewell or detailed contract terms and conditions, please see your International Truck sales representative.
