PURPOSE:

The purpose of this ordinance is to establish a schedule of fines for speeding offenses within the City, an enhanced fine structure for speeding in neighborhoods posted with a 20 m.p.h. speed limit at the City Judge's discretion, and an enhanced fine structure for speeding in school zones, at the City Judge's discretion. These changes will have a traffic calming effect will deter speeding and will also increase City Court Revenue to help offset additional expenses.

BACKGROUND:

Currently in our City Court, the City Judge has continued to apply an inherited policy of fining speeding offenders "\$1.00 per mile over the speed limit", for lack of a clear authority in our City Code to fine a larger amount, up to the constitutionally permissible Municipal Court fine limit of \$50 per offense.

This means that, for example, a speeder on Saturn Parkway could be guilty of driving 100 m.p.h. in a 70 m.p.h. zone, and the Court, by policy, is only able to fine the defendant \$30 for the offense. (A defendant running a stop sign within the City is currently fined the maximum fine of \$50 per offense.)

15-306(1) through (3) authorizes the City Judge to institute a schedule of fines in our City Court (exclusive of court costs and litigation taxes, etc.), as follows:

1 to 10 miles over the speed limit:	\$30 fine
11 to 20 miles over the speed limit:	\$40 fine
21 and above miles over the speed limit:	\$50 fine

15-306(4) authorizes the City Judge to use discretion in fining defendants up to \$50 (exclusive of courts costs and litigations taxes, etc.) who speed in neighborhoods with a posted speed limit of 20 m.p.h.

15-306(5) authorizes the City Judge to use discretion in fining defendants up to \$50 (exclusive of court costs and litigation taxes, etc.) who speed in school zones.

(State law reference: T.C.A. §55-8-152; Tennessee Constitution, Art. VI, §14)

FINANCIAL IMPACT:

In addition to having a traffic calming effect, these provisions will increase revenue in our City Court and help offset additional costs associated with increased city court expenses. Because of the judicial discretion involved in the applications of 15-306(4) and (5), it is difficult to determine the exact prospective revenue increase to the City.
