I would bring with me a strong love of this community and a great desire to see it continue to grow and flourish. SHAC frequently partners with Parks and Recreation on events, and I have several other community ideas for the upcoming years that might be better suited for Parks and Recreation, versus the Arts Center.

Nominee: 2017 American Society of Public Administration (ASPA) Founders Fellow (finalist) - nominated in 2016 by my college professors while completing my Ph.D. in Public Policy and Administration for my dissertation work. My dissertation focused on the perceived effects of the Affordable Care Act on emergency preparedness in the TN Highland Rim region, where I worked with hospital coordinators in 13 TN counties to gain a better understanding of obstacles, challenges and potential process gaps.

I have been a Certified Fraud Examiner (CFE) since 2011.

I am a FB page administrator for the American Association of University Women (AAUW.org), a national, non-partisan organization that has been in place since 1881.

Please state the reasons why you want to become a member of the Parks and Recreation Commission

I am interested in becoming a member of the Parks and Recreation Commission because I am looking to become more involved in our community here in Spring Hill. I have five children in three local schools in Spring Hill and after moving here four years ago for work, we now plan to spend the rest of our lives here. I am very committed to helping Spring Hill continue to grow and I feel that Parks and Recreation would be a good fit for me since the mission tends to be to help increase the well being of local communities by providing opportunities to be outdoors together. My PhD in Public Policy and Administration has a concentration in Health Policy and I have been in the healthcare field for over 20 years. I would love to be involved in a community committee that can tie in my love of outdoor family activities, while helping the community get outdoors, interact and become/stay healthy!

Is there any other information that you feel would be useful in reviewing your application?

While I have not attended regular Parks and Rec meetings, I have read all published meeting minutes, as well as the 2012 plan, and the Bike Pathways strategic plan published on the city web page.

Now that I'm retired, I have more time to give back to my community. I want to help guide Spring Hill as we acquire land and develop new park and recreation space for our very rapidly growing town. I would like to foster collaborative relationships between local government, civic organizations, youth groups like Scouts, businesses, industries, and concerned citizens. We need to obtain land and plan, build, and maintain facilities that are not only inclusive for residents of all ages, physical, and mental abilities but also encourage educational opportunities, allow enjoyment of the arts, provide additional meeting space for civic functions, meet the needs for playing fields for a variety of team sports, and encourage physical exercise with the ultimate goal of improved community health.
