Thank you for allowing Great Southern Recreation to bid on your proposed playground project for McLemore Park. We are pleased to offer you the bid contents enclosed in this package. We ask that you review the contents and let us know if you have any questions. Please remember that **anything can change based upon your requests (colors, structure features, etc.)** and we'll be happy to work on that with you.

We have included several things for your review. You will find our Bid Tabulation, Playcraft Playground Structure info (including renderings and layouts) behind Tab 1. Our structure bid is **exactly as specified and will be available for shipment within 48 hours of project award**. You will find Playcraft's specifications and shipping guarantee behind Tab 2. Tab 3 contains Great Southern Recreation's information, including insurance certificate, contractor's license and financials.

We're excited about your new playground. It's going to be a beautiful project that both the City of Spring Hill and we here at Great Southern Recreation will be proud of for a very long time.

Again, we appreciate the opportunity to serve you. I can be reached at 800-390-8438 or 615-796-9891 with any questions or clarifications. I look forward to hearing from you soon.

Best Regards,

GENERAL NOTES:
This Preliminary Site Plan is based on measurements that were provided in the initial planning phase. All dimensions must be verified prior to the submission of a purchase order. Krauss Craft, Inc. will not be held responsible for any discrepancies between actual dimensions and dimensions submitted in the planning phase.

The Minimum Use Zone for a play structure is based on the product design at the time of proposal. Components and structure designs may be subject to change which may affect dimensions. Therefore, before preparing the site, we strongly recommend obtaining final drawings from the factory (available after the order is placed and included in the Assembly Manual).

WARNING: Accessible safety surfacing material is required beneath and around this equipment that has a critical height value (Fall Height) appropriate for the highest accessible part of this equipment. Refer to the CPSC's Handbook For Public Playground Safety, Section 4: Surfacing.
