What special Interests/Skills/Talents would you bring to the Parks and Recreation Commission?

As an employee of TDEC I work closely with members of our Recreational Services team, helping with grant applications, compliance concerns and coordinated efforts to help new park leaders across the state. My position also puts me in regular contact with non-profit groups from all across the state all looking for opportunities to help cities with their parks programs. I just recently spoke with a group wanting to connect with Spring Hill for a tree planting, another group I spoke to is interested in starting a canoe rental company in the area. I understand that part of the current Parks and Rec plan would use help from non-profits, the Spring Hill community, fundraising efforts and partnerships with other communities to bring some of the ideas on the table to reality. I would be honored to represent the Commission and reach out to anyone that could help us create the best parks in the state. I also create surveys, newsletters and other outreach communication for our department, a skill I would bring to the Commission and would help with communication in the community. I also facilitate almost all of TDEC's public participation including public hearings, public meetings and stakeholder outreach, a skill I think could be helpful as part of the Parks Commission.

Special Awards or Recognitions Received

Selected to attend TDEC's Green Leadership (2014-2015)
Served as a judge for the Governor's Environmental Stewardship Awards (2014)
Selected as a judge for TDEC's David Draughn Awards (2014)
Speaker for Media Training at Tennessee Recycling Coalition conference

Please state the reasons why you want to become a member of the Parks and Recreation Commission

I want to make Spring Hill parks the best in Tennessee. As part of the Spring Hill Parks Commission I would work diligently to find ways to bring more park opportunities to Spring Hill citizens. I would help create an expanded calendar of events and opportunities for young families to come to parks. I am excited about the new splash pad coming soon to the area and I would love to be a part of more expansions and additions like that. Like many residents of Spring Hill, I would like to see more trails for recreation across the community, a skate park and more community parks. I understand that projects like adding trails and recreational space would require extensive commitment and involvement from the Parks and Rec Commission and I would be honored to be a part of such a hard-working, dedicated team.

Is there any other information that you feel would be useful in reviewing your application?

If selected to the Spring Hill Parks Commission I would bring 30 years of Williamson County knowledge and experience to the team, I was raised in Franklin starting in 1983. I look forward to the chance to serve.
