Subject: Tanyard Springs Trail - CEI Inspection Services

Dan,

Services for the CEI construction inspection/administration will be billed on an hourly rate not to exceed \$34,000 - This will include a pre-construction meeting, post construction walk through, payroll verification interviews, a daily onsite construction inspector required to be onsite while the contractor is on-site, construction administration, and materials testing as required by TDOT. The inspection work will include structural inspections and soils testing for footing bearing pressures. Please note the \$34,000 estimate is based on the contract time of 45 consecutive days with a 5 day work week.

Please let us know if you have any questions.

Thanks

Cory D. Hall, P.E.

Dempsey, Dilling, & Associates, P.C.
