What special Interests/Skills/Talents would you bring to the Parks and Recreation Commission?

I work for the Tennessee Department of Environment and Conservation, that gives me a unique advantage to understanding what is expected and required of the Spring Hill Parks and Recreation Committee. Part of my responsibilities at work include helping the 8 Tennessee State Parks in the Nashville region with their communication and community outreach. That can often mean finding creative ways to spread the word about park events on a small budget. I have a strong passion for parks, I spend a lot of my free time volunteering for park events with my children. I recently volunteered at the grand opening of Port Royal park with my daughter, spending a Friday night and most of Saturday helping the Parks and Rec folks keep the event running smoothly. I had so much fun at the event, I didn't want it to end, I was exhausted yes but it was so much fun to be a part of such an important day for the City of Spring Hill. Part of what I do for the Department of Environment and Conservation is champion parks progress and find grants that can make parks better. If selected for the Spring Hill Parks and Rec Commission I would bring those skills to the group and help champion the Bicycle and Greenway Plan and find ways to fund the projects proposed to make our community stronger. I love the idea of Greenways winding throughout Spring Hill, making it easy for kids to ride their bikes to school or for people coming home from work to jump on the trails from their neighborhood. I look forward to helping make this plan a reality for citizens of Spring Hill.

Special Awards or Recognitions Received

STAR Award for TDEC (2015) Selected to participate in Green Leadership for TDEC (2014-2015) Selected as a judge for the Governor's Environmental Stewardship Awards (2014) Nominated for 3 Emmy awards (former TV news producer) Poynter Institute graduate

Please state the reasons why you want to become a member of the Parks and Recreation Commission

I want to be a member of the Spring Hill Parks and Rec Commission because I love everything about Spring Hill, especially the parks. My entire family has really fallen in love with our city. Spring Hill has excellent schools, friendly people, I always feel safe here and our neighborhood is fantastic. I want to be part of the Parks and Recreation Commission because I want to give back to this wonderful community I live in. I know I can give back by shopping local and participating in my children's schools but I do all those things already, I want to do more. My passion for parks combined with my love for the city of Spring Hill is a perfect combination for a successful member of the Parks and Rec Commission.

Is there any other information that you feel would be useful in reviewing your application?

I grew up in Williamson County, my family moved to Franklin in 1983, that gives me an appreciation for the history of the Williamson County and Spring Hill communities. I want to be a part of the incredible growth and opportunity in Spring Hill but because I have lived in Williamson County most of my life I also want to remember and respect the past. I also think it is important to mention I have two little girls that attend Spring Hill schools. They are a big part of why I want to be involved with the Parks and Rec Commission. I want to help create outstanding places for them to play, grow and learn. If I am selected to be a part of the Spring Hill Parks and Rec Commission it would be a personal goal of mine to help create more bike trails in our community so my children will have expanded places to ride their bikes. I want to do it for my girls and for all the kids and the kids at heart of Spring Hill.

Please state the reasons why you want to become a member of the Parks and Recreation Commission

Now that I am retired, I have more time to give back to my community. According to the 2012 Spring Hill Parks, Recreation, and Greenways Plan, Spring Hill has a serious deficit in amount of recommended facilities and recreation space per capita for a town of our size. (Only 5 miles of non-connected walking trail segments is one example). I would like to work with our local governmental representatives; fostering collaboration with scouts, civic clubs, businesses, industries and concerned citizens. We need to obtain land and plan, build and maintain facilities that are not only inclusive for residents with ALL physical and mental abilities, but also encourage educational opportunities, allow enjoyment of the arts, provide additional meeting space for civic functions, increase areas that can be utilized for a variety of team sports and physical exercise with the ultimate goal of improvement in overall community health.

I know recreation is an important factor to the majority of our residence here and it is one avenue that can literally make a huge the difference in how people view their community. Making it more attractive to spend their time in enjoying their community is a huge win for everyone.

I believe I can be very helpful on this Commission to help further the progress being made and help define the vision for our future because I am a very active member of our community and have built a successful, yet uncommon business whose core is all about building community connection and involvement among our neighbors. From this endeavor, I have a very organic insight and connection with our community and understand not only the needs our residents have, but their wants as well. I also understand how to communicate effectively in a way that has been known to achieve great engagement. This has afforded me a strong trust factor in the community but has also given me keen insight on what gets traction and action here. I feel this is an important asset I can bring to this team. Those who know me, know I truly care for our community and I have it in my heart, I am a doer not just a talker. I believe I would bring creative insight and abilities that will add to the very committed and talented members who are currently serving and I would like very much to be a fellow team member.
