

IRRIGATION METER FORM

In order to get an irrigation meter, you will need to complete this form and pay **\$3,001.65** (\$1,300.00 tap fee + \$1,491.00 development fee + \$185.65 meter fee + \$25.00 backflow device fee). This fee can only be paid with check, cash, money order or cashier's check. A credit/debit card cannot be accepted. The company that you hire to install your irrigation system should also install the backflow device. **The City of Spring Hill does not install irrigation systems or backflow devices.**

City of Spring Hill is Responsible for

Water tap
Meter setter
Meter
Meter box
Inspection of backflow device (when connected and operative)

Homeowner is Responsible for

Irrigation system
Installation of backflow device
Hook up to the meter
Line from meter to system

The installation of the irrigation meter could take up to 7-10 business days. After the irrigation system has been connected to the irrigation meter, you will need to call our Public Works Department at 931-486-1265 for inspection.

You will be charged a minimum of \$9.80 (+ county sales tax) during the months that your irrigation system is not in use.

The installation of this irrigation meter does not guarantee irrigation water during dry or drought conditions. The City of Spring Hill reserves the right to discontinue service at any time to protect public water supply.
