

RESOLUTION 18-25

**A RESOLUTION TO AUTHORIZE THE PURCHASE OF POLICE IN-CAR
CAMERA SYSTEM WITH BODY CAMERA**

WHEREAS, the police department presently uses Digital Ally camera system; and

WHEREAS, the Spring Hill Police Department recommends Watch Guard in-car and body camera system as the replacement camera for patrol vehicles; and

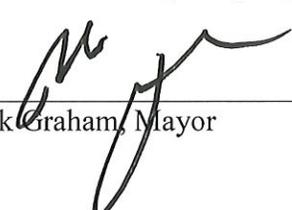

WHEREAS s, Spring Hill Police Department budgeted for replacement of the camera system in the 2017-2018; and

WHEREAS, the police department requests to purchase fifteen (15) - Watch Guard in-car and body cameras from GSA contract, GS-35F-0186P, for \$90,780.00 and additional hardware and installation for \$9,720.00; and

WHEREAS; City staff has reviewed prior proposals and has made a recommendation to the Budget and Finance Advisory Committee.

NOW, THEREFORE BE IT RESOLVED, that the City of Spring Hill authorizes the purchase of fifteen (15) Watch Guard camera systems from Watch Guard Video off of GSA contract GS-35F-0186P, and hardware and installation for \$100,500.00 to be funded from the 2017-2018 police budget as recommended by the Budget and Finance Advisory Committee on March 5th, 2017.

Passed and adopted by the Board of Mayor and Aldermen of the City of Spring Hill, Tennessee on the 19th day of March, 2018.

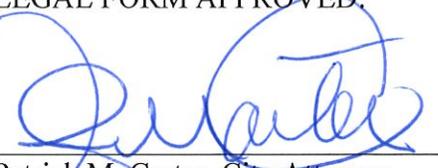

Rick Graham, Mayor

ATTEST:

April Goad, City Recorder

LEGAL FORM APPROVED:

Patrick M. Carter, City Attorney

**City of Spring Hill
Budget and Finance Committee
Purchase Evaluation Form**

Department: Police
Presented By: Don Brite
Date: March 5th, 2018
Department Budget Status:

I. Purpose/Overview: To start replacing existing in-car video cameras with new camera system that includes body cameras.

II. Background Information: SHPD has purchased Digital Ally camera systems for patrol vehicles. The majority of the cameras we have are outdated and not covered under warranty. Due to numerous hardware/software issues with the digital ally system, and a majority of the cameras not working. SHPD tested several other systems. Watch Guard is the recommendation due to the overall functionality of the system. Watch Guard offers a Body Camera System, which syncs with the in-car camera system. This set up allows for continuous recording of officers outside their vehicle and contact they have with the community. This is a budgeted item for this year, and we will continue to replace, if approved during the next budget year. Also, SHPD will continue using current Digital Ally system that are functioning until they are replaced. This is purchased from the Federal contract GSA.

We have consulted with our IT department, and the current video server will meet the specs for the Watch Guard system. Future budget should require new and upgraded server to handle the data capacity.

III. Financial Impact to Budget.

Total Budgeted:	\$116,500.00
Estimated remaining budget:	100,500.00
Cost of 15 systems@ 6,037.00 ea.	90,780.00
Cost of hardware and install:	9,720.00

The remaining balance of \$9,945.00 will cover the cost to install the cameras system and hardware to update the server.

VII. Alternative Options: Continue with present system or purchase different system.

VIII. Staff Recommendations: It is recommended to purchase Watch Guard Video based on testing of the system and the systems overall performance. Will include body cameras.
