Previous Governmental Bodies/Elective Offices you have served on, Position/Office held and Dates:

I have never served on a governing body or in elected office. I have however served as a staff member of the Tennessee General Assembly and a local economic and community development agency in Kentucky. Currently, my job focuses on engaging the Tennessee General Assembly in support of Tennessee's public schools. I have lived in Middle Tennessee for most of my life and in Spring Hill since June of 2016. I have a lot of experience in state and local government as well as a passion for supporting my community through service. I have been looking for opportunities to more actively engage in support of this growing and vibrant community and hope to have an opportunity to serve in this capacity.

Civic or Charitable Organizations to which you have belonged, Position/Office Held and Dates:

Church of the Nativity, 3 years
Expect More Achieve More Coalition, 5 years
Boy Scouts of America Mid-TN adult volunteer, 4 years
Nashville Chamber of Commerce Membership Committee, 3 years

What special Interests/Skills/Talents would you bring to the Parks and Recreation Commission?

Early in my career I worked for a local economic and community development organization and managed a number of grant-funded projects to build and improve parks. It was fun, rewarding work to improve our community and the opportunity to again support that work in my home community is exciting. My family and I also regularly use several of the facilities within Spring Hill and I believe my skill set and experience would benefit the commission and help to ensure fulfillment of its mission. Finally, as an Eagle Scout, I am eager to encourage the use of public space and parks to help kids learn how to appreciate the outdoors. But again, above all, I want to have a role in supporting my community and hope that this could be an opportunity to improve the experience of residents in the city of Spring Hill.

Special Awards or Recognitions Received

Eagle Scout
Nashville Emerging Leader Award nominee, 2018 and 2017

Please state the reasons why you want to become a member of the Parks and Recreation Commission

As I mentioned earlier, and above all, service to my community. I have no interest in elected office but do have a desire to serve my community. I believe my experience in government and in working with the Tennessee General Assembly can be a great asset to the Commission. Spring Hill has some of the best facilities I have seen in communities of similar size and as our community continues to grow, it will be important to manage the growth and maintenance of those facilities so they may be enjoyed for years to come by our current residents and the thousands more that are likely to call Spring Hill home in the next few years.

Is there any other information that you feel would be useful in reviewing your application?

I love this community and hope to have the opportunity to support its leaders and staff in service to the Commission. I have excellent relationships with the state legislators representing this area and can be an asset in Commission dealings with the state legislature. I also believe my experience as an executive, managing a budget and payroll, and reporting to a board, have given me an invaluable sense for the role of a commissioner and I believe I can also help support the staff in support of world-class parks and recreation facilities and events. I hope to have the opportunity to serve and welcome a call to more deeply discuss my interest. Finally, and while I deal with the legislature often, none of the issues in my work portfolio are in any way related to parks and recreation.

On the question of "How many Parks and Recreation Commission meetings have you ever attended?" In Spring Hill, I have attended one meeting. Throughout my career and in other communities, that number is higher and is reflected below. I use that number to illustrate my awareness of the process and format of these meetings but I wanted to include this explanation so I am not confusing reviewers of this application.

Please state the reasons why you want to become a member of the Parks and Recreation Commission

I have come to realize that one of the best ways to "Unite our Town" is by focusing on ways to help people connect with each other.
Major infrastructure projects like road improvements can take decades to complete. A quicker way to accomplish community is through the implementation of our existing "Side Walks and Green Way Plan".
It is my desire to assist Parks and Recreation by bringing my passion for moving as many of these quality of life improvements to the attention of our city and the citizens that live here.

What special Interests/Skills/Talents would you bring to the Parks and Recreation Commission?

I have been involved somehow in some form with parks and recreation since I was 21 years old. I offer unique skills having being in many many positions in the department. I have literally started from the complete bottom you may say and have worked my way up to what may be considered higher up positions. I have been involved in scorekeeping, field maintenance, park supervising , pool work, tournament supervisors, cleanup crew, lifeguard supervisor, admin work, facility front desk, programmer, fitness and wellness, and facility supervisor. I have seen how parks and recreation is operated and I would even love to one day be an assistant director or director.

My talents are I am very hard working, passionate, punctual, reliable, and straight forward. I would love to get back involved in parks and be able to serve my community.

Special Awards or Recognitions Received

Please state the reasons why you want to become a member of the Parks and Recreation Commission

I am very passionate about parks and recreation. I am very passionate about being able to serve the public via events and facilities that they spend their tax money on. I don't want anyone thinking that the parks department is just a waste of money or for lazy people. I love using budgets and creative ideas to get people and families outside. I want to get people involved in the public and serve them with fun events and facilities. I hate seeing parks not being taken care of or events getting low turn out because people didn't know about them or they get a bad rap. Even the big events I find a lot of people are surprised when they find out it is put on by their local parks department. I want to change the mindset that parks and recreation is useless and I want all kids, people and families to get out and involved afterall it is their tax money being utilized and I want people to take advantage and have fun with that.

Is there any other information that you feel would be useful in reviewing your application?

I have been involved with parks and recreation ever since graduating college. I hold a bachelor degree with a minor in coaching. I've been involved for about 5-6 years and left my last position upon the birth of my first child. I have been a stay at home mom ever since and now have two boys who I love bringing to parks and events however I get upset when I see certain events get cancelled or not hosted or etc. even though I don't know all the reasonings behind those decisions I feel like I want to get back involved for the community and use my voice and opinions of myself and my fellow neighbors of Spring Hill to keep the parks department thriving and beneficial for the greater population of our city.

as a former city of Columbia employee from 1984-2013, I've served on several boards within the city.i was on the safety committee, was part of the Emergency management communications network with amateur radio in Maury County (1990s-2013)and graduate of the Leadership Maury program. I was part of the due diligence committee when the board donated Rippavilla to the city of Spring Hill. (2017-18)

Civic or Charitable Organizations to which you have belonged, Position/Office Held and Dates:

I am currently on the Natchez Trace Parkway Association Board of Directors, as a Tennessee member. I am Vice-president of Rippavilla inc. I am a member of both the Maury County Chamber of Commerce and the Spring Hill Chamber of Commerce. I am on the Board of Directors for Leadership Maury and on a special creation committee "Meet Maury". I am involved with the city of Spring Hill's Mayor's Fitness Challenge and volunteer to lead weekly walks for the Healthier Spring Hill initiative

What special Interests/Skills/Talents would you bring to the Parks and Recreation Commission?

I am in avid outdoorsman. I created the Bearden Outdoor Series which is a popular series of outdoor classes and activities. My staff and I taught over 20 outdoor classes/l activities in 2018 for the Spring Hill Parks and Recreation Department, late bloomers garden club, Williamson County parks and recreation department, and at the spring hill public library. I have a bachelors degree in business from Trevecca University and and with a lifelong resident of Maury County and grew up in Spring Hill. I have served on several boards and groups in leadership positions and feel confident I can help in guiding the Parks and Recreation Department.

Special Awards or Recognitions Received

no special awards or recognitions received

Please state the reasons why you want to become a member of the Parks and Recreation Commission

I have proven leadership experience as superintendent of the wastewater department with the city of Columbia by managing multi million dollar sewer expansion projects and yearly budgets. I was the liaison between multiple agencies, contractors, and developers. As vice-president of Rippavilla bored I am involved with planning and guidance for the overall management of Rippavilla. I feel this past leadership experience qualifies me to work with the governing body of the city, department heads, and current board members for the betterment of the Parks system.

Is there any other information that you feel would be useful in reviewing your application?

I feel that I have a great rapport with the parks and recreation staff. I have worked alongside them with events at Rippavilla, The farmers market, and generally spreading the word about Spring Hill parks And the benefits it offers to citizens. I feel a focus on "quality of life" opportunities Within the city Parks system is important now, more than ever. Pro active board members are necessary to keep up with demand of the citizens in providing activities away from work, enrich the living experience here, and provide quality family – centered involvement.

What special Interests/Skills/Talents would you bring to the Parks and Recreation Commission?

In another section I talk about doing my part to preserve the natural landscape of Spring Hill - to protect this town. That was also a primary driving factor for enlisting in the military. That and the lack of a clear future, but the military helped remedy that. I was a sergeant in the active duty Army for 4 years and in the Army National Guard for 4, while I went to college. The army taught me to problem solve while under extreme pressure and with the well-being of other soldiers under my authority. I've been an organized, focused, and driven person my entire life and the army amplified those qualities. While in the 30 day training course required to become a sergeant, I received the Leadership award and graduated number 2 in my class.

After leaving the army and graduating with a bachelor's degree in computer science, I spent 12 years in corporate IT. The last 5 years of that time I was a manager of on-shore and remote, off-shore employees. IT is also a highly driven world where troubleshooting, calm-under-pressure, and quick thinking is a requirement to succeed. As a manager, I dealt with numerous personnel issues and managed large projects that included several departments and lasted for months and sometimes years.

Currently, I run a real estate team with my wife and we are involved with every aspect of running a local, serviced-based business. The business gives us contact with Spring Hill residents and allows us to work with relocating residents that are discovering this area for the first time - just as we did 10 years ago.

Please state the reasons why you want to become a member of the Parks and Recreation Commission

When my wife and I met and started dating, I was living in Oklahoma and she in east Tennessee. I had to attend training in Franklin and so she drive over to meet me so we could spend some time together.

I was a young aspiring musician, at the time, and managed to book a meeting with a music manager in Spring Hill. I had never been here, heard of, or otherwise knew Spring Hill existed, but when I passed the sign just north of Buckner on 31, something hit me.

This was in 2008, so the development in town was just a fraction of what it has become, and the charm and small town character captivated me. Samantha and I were talking marriage, by then, and I told her that one day we would live here.

Fast forward 2 years and that daydream became a reality. Somehow, it seems that this was always our home. I was born and raised in Oklahoma, I've lived in Europe and been all over the US, and have never experienced the same feeling of "Home" as there is in Spring Hill. Now 8 years as residents of this wonderful town, it has always been our home.

Just as I do with our personal home on our personal property, I want to protect this town. I support economic development and the opportunities that business owners bring to this town, but we also need to preserve the natural beauty. Spring Hill has received some generous land donations, and I've heard others contemplated, so I'm volunteering my time to seeing that we are good stewards of those generous gifts, as well as maintaining the integrity of the current parks.

There is a balance between development and natural landscape. I can contribute to finding that line and doing my part to make sure Spring Hill remains our home, and not just a place to live.

Is there any other information that you feel would be useful in reviewing your application?

I'm not sure what the experience level has traditionally been for appointed Parks and Recreation Commission members - if they served on government committees prior to their appointment, if they worked for other volunteer organizations - but I think it's important to have citizens that come in with a fresh perspective. I've had a limited exposure to the planning commission functions and BZA, but otherwise, I am a clean slate.

My value is my past experience in leadership positions and the ability - and willingness - to make decisions that would have lasting implications - and, perhaps unintuitively, my inexperience with government. I think municipalities need this perspective on every commission and board.

Are you associated with any Organizational/Employment that might be deemed as a conflict of interest in performing your duties if appointed?

- Yes
- No

What Organizational/Employment do you deem as a conflict of interest in performing your duties if appointed?

City policy directs that all appointed advisory board members do not vote on matters where a potential conflict of interest exists. Would be willing to abstain from voting if such conflict arises?

- Yes
- No
