

RESOLUTION 19-144

**A RESOLUTION TO AUTHORIZE THE PURCHASE OF HARDWARE WARRANTY
AND VIDEO LIBRARY FOR CAMERA SYSTEM**

Whereas, the police department presently uses Watch Guard camera system; which offers a hardware warranty and evidence library, which allows for updates/upgrades, service and repairs to the system; and

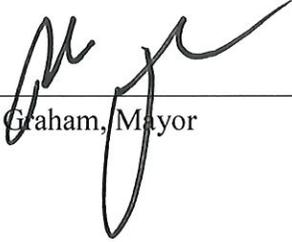

Whereas, the warranty is offered annually, with the cost based on the number of camera system in use; and

Whereas, the Police Department request authorization to purchase the warranty for the current fiscal budget and for the next two subsequent annual renewals ending in June 2022; and

Whereas, Spring Hill Police Department budgeted for the hardware warranty in the 2019-2020 fiscal budget.

NOW, THEREFORE BE IT RESOLVED, that the City of Spring Hill authorizes the purchase of Watch Guard camera system warranty and evidence library from Watch Guard Video off of GSA contract GS-35F-0186P, for \$11,725.00 from the current fiscal budget and the next two consecutive budgets.

Passed and adopted by the Board of Mayor and Aldermen of the City of Spring Hill, Tennessee on the 19th day of August, 2019.

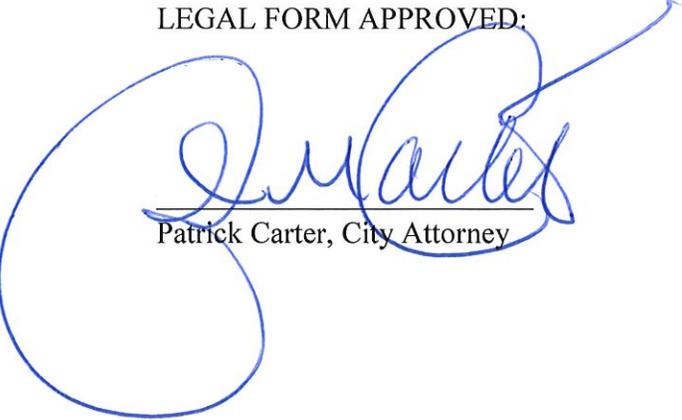

Rick Graham, Mayor

ATTEST:

April Goad, City Recorder

LEGAL FORM APPROVED:

Patrick Carter, City Attorney

City of Spring Hill Budget and Finance Committee Purchase Evaluation Form

Department: Police
Presented By: Don Brite
Date: August 5th 2019
Department Budget Status:

I. Purpose/Overview: To purchase annual hardware warranty and evidence library for Watch Guard camera system used in patrol vehicles.

II. Background Information: The Spring Hill Police Department uses Watch Guard in-car and body cameras. Watch Guard offers hardware warranty and an evidence library. This allows for updates/upgrades, service and repairs to the camera system when needed. In order to maintain the system, this warranty is valuable for the department in order to keep the cameras functioning properly. Without the warranty and evidence library, it will cost the department an hourly rate for the system to be fixed, and any camera that needed to be sent back for repair, would take up to three weeks for it to be returned. With the warranty, they ship us the parts when we open a ticket order, and we have the upgrades/ updates that are needed to maintain the system. In this resolution, it is recommending approval to purchase the warranty for this years budget and the next two consecutive budgets, therefore not having to seek approval each time.

III. Financial Impact to Budget. \$11,725.00. Budgeted item 2019-2020

IV. Alternative Options: do not purchase.

V. Staff Recommendations: The cameras system utilized by the patrol division is vital for collecting evidence and recording interactions the officers have with the public. The system needs to be maintained yearly so that it is functioning properly.
