RE: To authorize the purchase of a diesel scan tool for the mechanic shop from O'Reilly Auto Parts
ATTACHMENTS: Price quote

PURPOSE:

The purpose of this resolution is to approve the purchase of a diesel scan tool and license access for the mechanic shop from O'Reilly Auto Parts through the Sourcewell contract.

BACKGROUND:

The City's BOMA approved purchases of auto parts and supplies that exceed \$10,000 to be purchased from O'Reilly Auto Parts as a vendor with Sourcewell of which the City is a member by Resolution 18-82. The City's mechanic shop requests to purchase a Bosch diesel scan tool and the license access that will be used to read error codes and assist to perform diagnostics testing for repairs on all City diesel and off road vehicles (fire trucks, Polaris rangers, gator utility equipment, backhoes, tractors, dump trucks, knucklebooms, etc.) in our existing fleet. Currently, these repairs are sent to an outside vendor as we do not have the ability to do these in-house.

FINANCIAL IMPACT:

The total cost for the diesel scan tool and the license access is **\$10,948.00.** Funding for the trucks would be from the Streets and Highways department (110-43100-317) as budgeted for FY 2021/22.

STAFF RECOMMENDATION:

Staff recommends approval of Resolution 21-126 to approve the purchase a diesel scan tool from O'Reilly Auto Parts.
