RE: Resolution for the sole source purchase of ferric chloride blend (CIT2017) for the Water Treatment Plant
ATTACHMENTS: Sole Source Letter

PURPOSE:

The purpose of this resolution is to approve the purchase of ferric chloride blend (CIT2017) for FY 22/23.

BACKGROUND:

The City of Spring Hill has purchased ferric chloride blend (CIT2017) from Citco to use as a pretreatment chemical at the water treatment plant for approximately eight years. Other products have been tested and evaluated through bench top testing and full-scale pilots. This product has been verified by City staff to perform the best in multiple situations. Citco is a sole source provider of this product. Frequency of ordering depends on water quality and quantity needs.

FINANCIAL:

Estimated fiscal year cost not to exceed \$24,000.00

STAFF RECOMMENDATION:

Staff recommends approval of Resolution 22-135, to approve the purchase of ferric chloride blend (CIT2017) for FY 22/23.

Alan,

Thank you for your inquiry today.

Per our discussion, the CIT2017 is a proprietary blend specifically packaged for CITCO water. We do not sell this product to any other parties, and will not in the future. This is an exclusive product for CITCO water through Chemical Resources. This serves as a follow up to our email last year. There have been no changes in the supply chain or exclusivity to CITCO.

Please let me know if you need anything else from me on this matter.
