Why do you wish to serve on the Library Board of Trustees?

I believe everyone should volunteer in the community to the extent they are able. I have a particular interest in the library as a promoter of literacy and an expanded worldview.

If appointed to the Library Board, what would you like to see accomplished during your term?

I would like to see the library begin the process of moving to a larger facility to provide greater opportunities to host community events, provide more media resources, and expand cultural offerings to residents of all ages and interests.

What do you think the library's most important roles are for the community?

I believe the local library serves as the cultural center of a small community and is therefore key to enhancing the quality of life for area residents. Additionally, many of our residents depend on the library for internet access and research materials.

What are some problems and challenges facing libraries?

Funding will always be a challenge, particularly during periods of economic uncertainty. Even during times of robust prosperity, the library must continually sell itself as a valuable resource in the eyes of local funding authorities.
