RE: **To approve Pro Door Doctor replacing Fire Station 3 Bay doors**

PURPOSE:

The purpose of this resolution is to approve Pro Door Doctor replacing Fire Station 3 Bay Doors. The front two doors will be the Bi-fold doors (faster opening & closing time) and the two rear doors will be insulated lightweight with one row of windows.

BACKGROUND:

Station 3 was built in 2003. The bay doors are 19 years old. Annually it cost us between \$5,000 and \$10,000 to keep them operational. All four doors are all glass and are very heavy. We have issues all the time with springs, motors or track wheels falling off.

FINANCIAL IMPACT:

We have put this out for RFP and only had one return submittal. Pro Door Doctor's quote was \$174,860.00. Funds will come out of 110-42200-266 in the amount of \$118,270. Budget Amendment for the additional \$57,000 is needed for the remaining amount.

STAFF RECOMMENDATION:

Staff recommends approval of Resolution 22-220 to approve Pro Door Doctor replacing Fire Station 3 Bay Doors.
